High Voltage Stun Gun For Self Protection.

General Features

Multifunctional 1,200,000 volt Cell Phone Stun Gun has a unique design which gives you a tactical advantage. Because it looks like a harmless cell phone, it will be easy to surprise an attacker. Remember, the purpose of this stun gun, and all other non-lethal self defense products, is to give you time to escape. Use the cellphone stun gun, then run for safety. It is a must-have for all those who are looking for the best when it comes to self defense products with a feature of a perfect disguised cell phone including high power stun gun function. Overall, a great product for your self defense or to offer someone as a gift!

TM- JSJ-95 stun gun is made of ABS engineering plastic and high-molecular nanotechnology. The unit has a high voltage generator as well as a built-in nickel cadmium rechargeable battery. It has an advanced electric pulse

Technical Features

1. Source voltage: 4.8 V
2. Output pulse voltage: 1200KV
3. Size: 110 × 50 × 22 (mm)
4. Current consumption: $\leq 1.9A$ (for electric shock)
 $\leq 0.8A$ (for illumination)
5. Environmental temperature: $-5^{\circ}F \sim 113^{\circ}F$
6. Relative humidity: $30^{\circ}C$ (20-30%)
7. Super bright LED flashlight
8. Includes Free Nylon Holster and Batteries!

Special Cautions:

1. The stun gun should not be stored in a humid environment or kept in super high/low temperature.
2. To prolong the life span of unit, avoid using electric shock function continually for over 5 seconds.
3. DO NOT shock metal objects
4. DO NOT shock children, persons with heart disease or any vital part on the human body.
5. The charge time is 3- 5 hours. Do not overcharge nor use the unit during the charging period.
